Signature of Parents/Guardian

Rules Governing Admission

1. **Issue of Admission form is no guarantee of admission.** If the student is selected for admission, a list will be put up on the Notice Board in school in due time and parents/guardians should complete admission formalities within the specified time. If the student selected for admission is being transferred from another school, it is essential that transfer certificate is submitted while completing admission formalities.
2. Admission are made strictly on the basis of rules and regulations contained in the school's Prospectus and as may be introduced by the school from time to time. Parents/Guardians are expected to have read the prospectus before filling in this form.
3. If the student, whose admission is sought, suffers from any infirmity or disease which is suppressed in the form, and later discovered by the school authority, the parents will be asked to withdraw the student from school immediately.
4. The school is not responsible for any injury sustained by any student during school hours, though every possible care is taken. A First Aid system is maintained in the school for immediate relief until proper medical help is available. The cost of treatment other than First Aid shall be borne by parents.
5. The medium of instruction is English. Two vernacular subjects, Hindi and Sanskrit will also be taught.
6. Parents are required to inform the school in writing immediately of any change in their residential address / contact numbers or in their status.
7. While the school has arranged for bringing students to school and dropping them back, the school accepts no responsibility for injuries, damages and/or losses sustained by students/parents in such transportation.
8. The school authority reserves the right to cancel any application for admission without assigning any reason.
9. Once recorded there will be no change in the student's date of birth under any circumstances.
